

Monte Weller

Product Line Director, Global Crop Production and Hay & Forage, Case IH

Monte Weller is Product Line Director for Global Crop Production and Hay & Forage at Case IH, a global agriculture brand of CNH Industrial. He is responsible for the portfolio of products that fall under this umbrella and their business performance.

Mr. Weller joined the Case IH Global Product Management Team in 2017. Previously, he served CNH Industrial as Product Specialist and Platform Manager for their Global Planter & Seeder product development platforms. He has been at the Company and Case IH for 26 years, joining Case IH in 1996 as a Product Manager for the Advanced Farming Systems (AFS) Precision Farming group. The first six years of his professional career were spent in the fertilizer, seed, and precision farming business.

Monte Weller has bachelor's and master's degrees in Agricultural Economics, Crop Science and Agronomy from Purdue University, Indiana, USA.
